APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion, place and manner of use of Permit 54734, which changed the point of diversion, place and manner of use of Claim Number 534, of the Carson River as heretofore granted under the Final Carson River Decree No. D-183, in the District Court of the United States in and for the District of Nevada, is issued subject to the terms, conditions and irrigation period imposed in said Final Decree and with the understanding that no other rights on the source will be affected by the change proposed herein.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

By the issuance of this permit, the water right becomes the junior appropriator to existing water rights in Segment 5 and may only be delivered during Segment 5 weeks.

(CONTINUED ON PAGE 3)

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed the decreed duty of acre-feet per acre for 19.7 acres irrigated from any and all sources.

Work must be prosecuted with reasonable diligence and be completed on or before:

July 27, 2002

Proof of completion of work shall be filed before:

August 27, 2002

Water must be placed to beneficial use on or before:

July 27, 2011

Proof of the application of water to beneficial use shall be filed on or before:

August 27, 2011
